

Mohamed Mujtaba

Technical Program Manager | IT Consultant | Digital Transformation

Nationality: USA | Languages: Arabic, English | Al Ain, Abu Dhabi | +971 50-775-8608 | Mohamed.mugtaba11@gmail.com

SUMMARY

Technology consultant and Technical Program Manager with 7+ years of experience across international development and software engineering. Proven track record delivering cloud-based platforms, leading Agile software delivery, and managing large-scale multi-country programs. Brings hands-on expertise in cloud infrastructure (AWS, OCI, GCP), AI/ML technologies, DevOps practices, and full-stack development, combined with strong project governance and stakeholder management. Fluent in Arabic and English; experienced working across Middle Eastern and international environments. Skilled at bridging business strategy and technical execution to deliver scalable, high-impact digital solutions.

WORK EXPERIENCE

Full-Stack Engineer (Software Consultancy)

Revature LLC — Reston, VA | Jul 2024 - Dec 2025

- Worked as part of Revature's consultancy model, embedded with enterprise clients to deliver backend microservices using Java Spring Boot on production-grade applications.
- Contributed across the full software development lifecycle (SDLC) — from requirements gathering and design through testing and deployment — within client Agile environments.
- Collaborated with cross-functional client teams (frontend, QA, DevOps) to ensure timely and quality delivery of features.
- Participated in Agile ceremonies and helped coordinate delivery streams, maintaining alignment between engineering output and client business requirements.

Program Officer

Mercy Corps — Washington D.C. | Oct 2023 - Jun 2024

- Managed a multi-country program portfolio (Somalia, South Sudan, Uganda, Mali), ensuring alignment with strategic objectives.
- Coordinated a \$37M USAID proposal, leading cross-functional teams across regions.
- Served as key liaison between HQ and field teams, ensuring operational efficiency and compliance.
- Strengthened delivery efficiency and ensured compliance across complex, multi-stakeholder environments.

Senior Program Management Associate

Chemonics International — Washington D.C. | Mar 2022 - Sep 2023

- Supported one of USAID's largest global programs (GHSC-PSM), coordinating operations across international teams.
- Managed reporting, approvals, and compliance with FAR/AIDAR regulations.
- Streamlined communication between HQ, field offices, and donors.
- Improved reporting accuracy and operational coordination for large-scale international programs.

Program Officer

SFCG (Search For Common Ground) — Sudan | May 2017 - Jul 2019

- Managed a portfolio of peace-building and development projects, coordinating NGOs and donor stakeholders.
- Delivered training programs on Monitoring & Evaluation (M&E) for partner organizations.
- Developed tools for performance tracking and project evaluation.

Program Officer

JICA (Japan International Cooperation Agency) — Sudan | Nov 2015 - Apr 2017

- Led implementation of projects in economic development and governance sectors.
- Managed international training programs and stakeholder coordination.
- Organized large-scale workshops and facilitated international missions.

PERSONAL PROJECTS & ENTREPRENEURSHIP

Mishwar — Ride-Hailing Platform

mishwar.xyz | 2025 - Present

- Designed and delivered a full-scale digital mobility platform for the Sudanese market — two live Android applications (rider app + captain/driver app) published on Google Play — demonstrating end-to-end product ownership from requirements to production.
- Architected and implemented real-time GPS tracking, driver-rider matching algorithm, bilingual Arabic/English UX, and payment flow, independently managing all technical and go-to-market decisions.
- Built and deployed the product landing page; leveraged AI-assisted development tools to accelerate delivery as a solo technical founder.

Football Agent Mate — SaaS Platform for Football Agents

footballagentmate.com | 2024 - Present

- Conceived, architected, and launched a live B2B SaaS product — a CRM and contract management platform enabling football agents to manage players, coaches, and agency operations from a single digital solution.
- Delivered full-stack implementation including backend API, Next.js frontend, Stripe-integrated subscription tiers (Free to \$49.99/mo Enterprise),

automated contract reminders, document storage, and team collaboration tools.

- Managed complete product lifecycle — from market analysis and solution design through development, deployment, and commercialization — as sole developer and product owner.

EDUCATION

Ohio University — Masters, International Development Studies | 2021

University of Khartoum — BSc, Communications Engineering

PROFESSIONAL CERTIFICATIONS

- AWS Certified Solutions Architect Associate — Feb 2025
- AWS Certified Cloud Practitioner — Aug 2024
- Oracle Cloud Infrastructure - Generative AI Professional — Sep 2025
- Oracle Cloud Infrastructure - Certified AI Foundations Associate — Sep 2025
- Oracle Cloud Infrastructure - Certified Foundations Associate — Sep 2025
- PRINCE2 Project Management Practitioner — Mar 2024

TECHNICAL SKILLS

Languages & Frameworks: Java, Spring Boot, Node.js, Python

Frontend: React, Next.js, JavaScript, TypeScript

Databases: PostgreSQL, MySQL, MongoDB, Redis

Cloud & DevOps: AWS, OCI, GCP, Docker, Kubernetes, Git, GitHub Actions, Jenkins

Other: REST APIs, Microservices, Event-Driven Architecture (Kafka)

Tools: Power BI, Salesforce, Asana, SharePoint, Google Workspace

Management: Program Governance, Budgeting & Forecasting, M&E, Stakeholder Management, Strategic Planning
